Re: Gokeen, M.

Date of priority: 10/28/1999

Response to Amendment

The Amendment filed 07/22/2004 in response to the Office Action of 03/26/2004 is acknowledged and has been entered.

Claims 33-36, 38, 40-52, and 54-57 are currently under consideration.

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office Action.

Rejection Maintained:

Claims 33, 35-36, 40-52, and 54-57 remain rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 1-13 of U.S. Patent No. 6428785. Applicant's response (page 7) is to request that the Examiner hold the rejection in abeyance until the claims are otherwise found to be allowable. This argument has been considered but is not found persuasive because the claims cannot be allowable in the absence of the terminal disclaimer. Thus, applicant's arguments have not been found persuasive and the rejection is maintained.

Art Unit: 1642

New Objection:

Claims 41 and 54 are objected to for reciting “alkylphenylpolyoxethylene surfactant” as it appears that this terminology does not identify the actual chemical product used in the previously claimed Triton® X-100. For example, the specification teaches (page 10, line 1) that Triton® X-100 is octylphenoxypolyethoxyethanol.

Claim 34 is objected to as being dependent from a rejected base claim.

All other rejections and or objections are withdrawn in view of applicant’s amendments and arguments there to.

Conclusion

Applicant's amendment necessitated the new ground(s) of objections presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a).

Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event,

Art Unit: 1642

however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
